Career Assessments

Discover the “person-environment” that best meets your needs through a variety of career assessments.

An initial meeting with a Career Counselor will allow the counselor to determine what assessment tool will best help identify your interests and personality attributes.

Find Your Fit.

Career Counselors are available to provide individualized career guidance for exploring majors, careers, and occupations. Career Center services are covered by student fees for current students and alumni within the first year following graduation. Visit the Career Center to discover our many services!

- Career Counseling
- CareerRAM (Jobs & Internships)
